CONTEST CHAIRMAN'S CORNER

Everyone is invited to participate in the first-ever NCCC-sponsored Maxi-test. A short contest is held after our regular net meeting on Tuesday nights on 3815 KHz. Because of the popularity of these mini-contests, it was decided that a Maxi-test should be held once a month in place of the mini-test. This first one will be a warm-up and a get-acquainted event. Contest time is Tuesday night, June 14 (Flag Day), from 8:30 p.m. to 9:30 p.m. PDT, both phone and CW. Bands will be 160-20 meters, and suggested frequencies are 30 KHz up from the bottom of the band on CW, and 3830, 7230, and 14230 on phone. On 160, look for both phone and CW below 1810. No crossmode or crossband contacts permitted.

The contest exchange will be consecutive QSO number, starting with OOL, ARRL section, and your name. Scoring is total QSO's times 5 times the total number of ARRL sections. Sections count only once. On phone, call "CQ MAXI-TEST," and on CW, "CQ MG." Turn in results to WB6LPK/N6TU immediately after the test on 3815, or not later than Tuesday of the following week.

PRESIDENTIAL RAMBLINGS

Best Greetings to all of you again, and I hope your June had started off on a good note. The JUG ended on a rather sour note in May, as the Post Office sent it third class and caused a lot of you to miss the program at the meeting. (By the way, the Post Office has sent it out correctly twice--March and April--in the last year.) Bob, W6GFF, presented SWR in the program and, as could be expected, almost everyone showed some ignorance as to what SWR really means. The bottom line still seems to be, though, if you can load it, use it.

Our next meeting will be on an irregular schedule, which makes the AS&L unavailable. This is, of course, to enable us to get together before FD. Probably since most others declined, the meeting will be at my home--1873 Granger Ave., Los Altos. Roughly at the intersection of Foothill Expressway and Grant--St. Joseph in the southern part of Los Altos, it is very easy to find (see map on page 2). We will cap off FD and also have a program which is yet to be announced. There are three possibilities, so come and see which is on the slate. Also, please bring a folding chair or two if you can.

We all owe George, K6SG, a good and hearty, "Thanks a million, George!" for his hospitality and good food and drink again. Even though it was a bit hot, N6JN's pool and all the ice, etc., made it cooler. The drive back always seems shorter after a nice time.

The NCDXCC held a board meeting last week, and has tentatively scheduled a regular meeting for this August. The NCCC will discuss their joint membership with the NCDXCC at the meeting this month so bring your opinions.

There are two by-laws changes that will be presented soon to the NCCC membership. W6RGG, as By-Laws Committee Chairman, has burned the midnight oil
THE PRESIDENT RAMBLIES ON (from Page 1)

and smoked a few extra cigarettes to be sure that they are worded properly. They have been reviewed by the BoD and have also been petitioned to be presented to all of you for voting. They will be briefed at the meeting.

See what you miss if you don't come?--All this good stuff.

On a very sober note, we all have been excited about the results being published of last year's CQP and all owe a lot to N6VW and WA6DGX for the heavy effort expended. We all realize that time did not permit a Class-A write-up, but Lew and Ron should not have received the personal letter sent by N6KA. I would normally never make personal comments in our JUG, but Steve's letter, which is copied to QST, CQ, 73, etc., is too much. I had seen him the weekend before and had gone over the situation on CQP with him. I told him that I felt Lew and Ron had done a good job on CQP and that they should not be the recipients of his letter, which he had already written, but not mailed. I realize everyone is entitled to his own opinion, but perhaps Steve's comment to me that "If the NCCC couldn't run CQP right, then he knew someone who could," got in the way of his ability to reason and use good judgement. I seriously doubt that there will be any room to question CQP '77--that is, if Lew will still be CQP Chairman. I think he will, because Lew is one fine gentleman.

On to more fun--the June 14th Maxi-test headed up by Bruce, VFCC, should provide lots of excitement. Be there and become a charter member of the Maxi.

There is a lot to a club, but it's always the members who make it go. See you on June 20th.

Tom N6BT

VFCC's CORNER (from Page 1)

Perhaps the wildest contest to hit the air this year will be the IARU RADIOSPORT CHAMPIONSHIP. It takes place July 9-10 (UTC) and is open to all amateurs. This contest replaces the ARRL Bicentennial and also signifies the coming of WARC-79. Full rules are given in May QST on page 85, but in a nutshell, you can work any amateur station on both phone and CW on 160 through 2 meters. Some very spectacular rates will emerge from this test. The average caliber station should be able to produce well over 100 QPH rates. One may enter CW or phone only as well.

As far as I know, there is no Club Competition for the IARU. Also, entries must be on ARRL IARU log, dupe, and summary sheets to be official. I will order mass quantities, but fear that they will not arrive in time for the June meeting.

Field Day, tally ho! Our FD efforts are all set to go. Blue team, N6VW/6 at Brannan Island; Black team, N6KB/6 at Black Mountain; and Gray team, K6AYA/6 in the Sierras.

Good luck contest and KB (konsume beer)!

Bruce WB6LPIK/N6TU

HOW TO AVOID THE DREADED RED X

Yup, it's that time of the year again! July 1st is just around the corner, and with it comes the realization that we all must reach into our wallets and come up with $6 for the NCCC. The BoD has voted to have Secretary/Treasurer W6MSF mail out dues reminder postcards to all members; however, you can save Carl some hassles by getting your dues to him before July 1st. Either bring it to the June meeting, or mail to Carl Snyder, W6MSF, 27097 Adonna Ct., Los Altos Hills, CA, 94022. Checks should be made payable to "Northern California Contest Club" or "NCCC."

The NCCC is planning on taking the Affiliated Club Mobile category again for Field Day '77. If you're planning on going mobile for the event, please let WB6GEF know about your plans. He's at 841-8241.

Tom's phone number is 964-5554.

112 California entries from 50 counties
80 out-of-state entries from 33 states
9 foreign entries from 3 countries
30 new state/country records set

These figures, along with many soapbox comments, prove that the CQP contest has indeed become the NUMBER ONE state QSO Party. Due, of course, in no small part to the efforts of the NCC.

Looking ahead, work has already begun at planning this year's "California Sweepstakes." Several important rule changes have been made, including the use of recommended county abbreviations. This should be a tremendous help on CW to those of you who live in counties such as Contra Costa, or San Luis Obispo, or San Bernardino.

This year we are again making a big effort to get at least one fixed station active in each of our 58 counties. I am taking reservations for the four-county area (Mariposa/Merced/Stanislaus/Tuol-

umne) made famous by W6RNF/6-1975 and WB6FEF/6-1976. Other counties where activity is needed are El Dorado, Mono, Calaveras, Glenn, Modoc, Placer, Plumas, Shasta, Sierra, Siskiyou, Tehama, Tulare, Sutter, and Trinity. Incidentally, WB6RIU/M6 hit almost all of these counties in 1976.

Start thinking about where you'd like to go. If you've ever wondered what it would be like to be rare, here's the only chance you're going to get if your call has a 6 in it.
