2021 US/VE/DX Club Competition

Starting with CQP 2021, there are five categories of US/VE/DX clubs. The categories and supporting gavels awarded are named after U.S. National Parks inside CA.

Club Category	# of Logs	About	2019 Park Visitors
Yosemite	31+	Yosemite National Park	4,422,861
Joshua Tree	21-30	Joshua Tree National Park	2,988,547
Sequoia	11-20	Sequoia National Park	1,246,053
Redwood	6-10	Redwood National Park	504,722
Channel Islands	1-5	Channel Islands National Park	409,630

Please see the [CQP Club Competition Rules Page](#) for all the details.

Thank you to all the participating US/VE/DX clubs! We are extremely impressed by all club efforts. The inclusion of bonus points inspired exactly the type of behavior we wanted to encourage. In two categories, bonus points made the difference between 1st and 2nd place. Many types of club participation are now recognized in the CQP club competition.

The following pages contain the scoring details for every participating US/VE/DX club. If you don't find your callsign or club listed, it means one of the following four possibilities:

- You were a home station and did not operate within your club's 175-mile radius circle.
- You were not listed on your club's roster or eligibility list.
- You did not state your club when you submitted your CQP 2021 log.
- You were a checklog.
- You specified a club that is a national organization or a club without a geographic basis, and which does not hold regular in-person or remote meetings. Examples: CWops, FOC, Long Island CW Club, QCWA, FISTS, SKCCC, DARC, JARL. Instead, these clubs are listed in their own section at the end of these results.
